

2/4

FIG. 2 is a detailed cross-sectional view of a medical device assembly, possibly a catheter or probe. The device features a central shaft (10) with a distal tip (18B). Internal components include a fluid chamber (60) containing a piston (62) and a valve mechanism (64, 66). Electrical leads (80, 82) are connected to the device. A control unit (70) is shown at the top right, connected via a cable (72) to the device's internal circuitry. The device is surrounded by a sheath (12) and a protective layer (14). Other labeled parts include 10, 16, 18, 20, 22, 24, 26, 30, 40, 42, 44, 102, 104, 106, and 108.
